

### Helping at home:

Your child will have a reading book soon, to practise reading at home. It will be changed once a week on a Monday.

I will also send home tricky words to learn to read and write, from the UK government list. The words are divided into groups called phase 2 and phase 3 etc.

Other skills that you can practise at home with your child are Letters and Sounds, writing names with a capital letter at the beginning and the rest in lower case, writing numerals to 5, then 10, then 20.

Most importantly, exploring, being active, wanting to learn, making the most of The Netherlands/Germany and having fun!
